made and systems
are assembled in USA

AMAZING BENEFITS

You'll feel squeaky clean when you shower or bathe in soft water -- without hardness minerals in your hair or on your skin!

Shampoo is more effective in soft water.

No more "bad hair days"!

Laundry will be cleaner, brighter and softer with an Entek™ 3-IN-1 water filter and conditioner.

You'll use less detergent!

No spots on your dishes, glassware or silverware.

Great tasting water and beverages without Chlorine taste and odors!

(With optional pre-filtration or drinking water system.)

Save money, without damage to expensive appliances.

And you'll spend less on cleaning supplies and fabric softeners too!
