

LOOKING FOR TWO SYSTEMS FOR THE PRICE ON ONE?

If so, check out **1-PLUS-1 Water™** systems from Entek® Environmental Technologies.

HERE'S WHAT YOU GET:

Model	Equipment
1-PLUS-1-CF	Softener + Whole house carbon filter
1-PLUS-1-ISMF	Softener + Iron, Sulfur & Manganese filter
1-PLUS-1-SF	Softener + Sediment filter
1-PLUS-1-AN	Softener + Acid neutralizer

Entek® 1-PLUS-1 advantages:

- ✓ Single system with two tanks and two valves for optimum performance.
- ✓ Lower cost, compared to an individual softener and individual whole house filter.
- ✓ One - highly advanced electronic control valve. (Controls both valves.)
- ✓ One - motorized axillary valve for the filter. (No programming on this valve is required.)
- ✓ USA manufactured valves, tanks, resin and components.
- ✓ Decorative tanks and tank collars are included.
- ✓ Proprietary brine tank with "add salt" alarm.
- ✓ Ability to program dealer's contact info on the valve's LCD display.
- ✓ Ability to program individual backwash rates for the softener and filter to improved results.

All components are made and systems are assembled in USA

1 Plus 1 WATER SYSTEMS

HOW THEY WORK!

1-PLUS-1 water systems are a combination water conditioner and whole house filtration system, in one compact design. Two tanks and two valves are included so they may operate automatically, with independent backwash flow rates for optimum performance.

FULL PRODUCT LINE

1-PLUS-1 water treatment systems come with a limited lifetime warranty covering parts and components.

(See warranty for complete details.)

WATER CONDITIONER + WHOLE HOUSE FILTER

Model	Flow Rate GPM	Tank Size	Filter Media
1-PLUS-1-CF-100	10	10X44	Carbon*
1-PLUS-1-CF-150	12	10X54	Carbon*

**Coconut shell granular activated carbon.*

WATER CONDITIONER + IRON, SULFUR & MANGANESE FILTER

Model	Flow Rate GPM	Tank Size	Filter Media
1-PLUS-1-ISMF-100	5	10X44	Iron/Sulfur
1-PLUS-1-ISMF-150	6	10X54	Iron/Sulfur

WATER CONDITIONER + SEDIMENT FILTER

Model	Flow Rate GPM	Tank Size	Filter Media
1-PLUS-1-SF-100	7	10X44	Sediment
1-PLUS-1-SF-150	8	10X54	Sediment

WATER CONDITIONER + ACID NEUTRALIZER

Model	Flow Rate GPM	Tank Size	Filter Media
1-PLUS-1-AN-100	3	10X44	pH adjustment
1-PLUS-1-AN-150	5	10X54	pH adjustment

Flow rates are typical for residential use. Flow rates may vary based on water quality.

**Amazing Quality
Highly Efficient
Affordable Pricing**

Features:

- ✓ Automatic operation
- ✓ Light gray decorative tanks with tank collars
- ✓ 10% Dow® resin (made in USA).
